

Road to Home Short Stay Program

Personal Care at SpiriTrust Lutheran®, The Village at Kelly Drive

The SpiriTrust Lutheran® Road to Home Short Stay Program is designed for individuals who are being discharged from the hospital or rehabilitation center and do not physically feel ready to return directly home, or may be concerned about the coordination of services as outlined by their physician-prescribed recovery plan. Our goal is to help them return to their home while achieving a full recovery faster! In addition to a comfortable, fully furnished suite, other short-stay program benefits include:

- On-site physical, occupational and speech therapies billed through your Medicare or other insurance benefits, whenever applicable
- Coordination of follow-up medical appointments
- Transportation to follow-up medical appointments, at no charge within 25 mile round trip
- Wellness program tailored to your specific recovery plan
- Licensed staff available 24 hours a day
- Medication management
- Daily personal care services

- Three nutritious meals and snacks served daily, either in the dining room or in your suite
- Housekeeping and laundry services
- Home safety assessment with equipment recommendations

Our Road to Home Short Stay Program is based upon availability and a nursing assessment. There is a 10 day minimum and 30 day maximum stay for this program. Individuals who would like to stay for a longer period of time will be required to apply for residency and meet application requirements. To learn more, contact our retirement counselor at 717-819-3166.
