

Respite (res pit) n.

1. An interval of temporary relief or rest as from work or duties, etc.
2. A break, stop or rest often for calculated purpose of effect.

Respite Care is about giving caregivers a chance to take a break and recharge their batteries. It can be the perfect solution, whether your loved one needs:

- A place to stay while you are traveling for business or vacation or attending to your own health care needs,
- Special attention focused on wellness and nutrition to gain strength,
- Time for companionship or social activities

It provides a safe and friendly environment so you have peace of mind and security knowing your loved one is receiving the highest level of care while you get a well-earned break. Respite has been proven to provide a positive experience for both the person receiving the care and the caregiver themselves.

Respite Stays are a maximum of 30 days and dependent upon suite availability. All of the services and amenities that our personal care residents enjoy are available to respite guests as well.

- Three freshly prepared and nutritious meals each day
- Housekeeping, linen and laundry service
- 24-hour access to on-site staff
- Scheduled transportation
- Recreational activities
